FLOORSCAPE

Contract flooring industry news

The Contract Flooring Association's online news platform

Floorscape online news platform www.floorscape.org.uk serves as a valuable resource for both the contract flooring industry and associated parties including flooring contractors, main contractors, shopfitters, procurement decision-makers, architects, designers and contract flooring industry associates.

Fully supported by the Contract Flooring Association (CFA), the quality and relevance of content is overseen by the CFA. It is updated every two weeks and distributed via an email newsletter to a subscription base.

Aimed at a broader audience than CFA member communications, the news platform is designed to inform and inspire industry professionals with product, technical and regulatory information supported by a quality supply chain.

In the first 12 months following launch in June 2024, Floorscape has delivered 216 news stories across 24 issues, achieved over 100,000 search impressions, and sent out almost 78,000 emails, with an open rate consistently above industry averages – a testament to the value and engagement we bring to our readers.

Flooring contractors

How do I subscribe?

To see examples of Floorscape emails, we encourage all interested parties to subscribe. Simply visit the ['Subscribe'](#) page on our website, complete the quick form, and that's all it takes!

Social Media

Floorscape is supported with social media activity via dedicated accounts on LinkedIn and Instagram.

Posts promote content that has been released on the platform to amplify content reach, encouraging interactions and discussions among industry professionals as well as attracting new advertisers and subscribers.

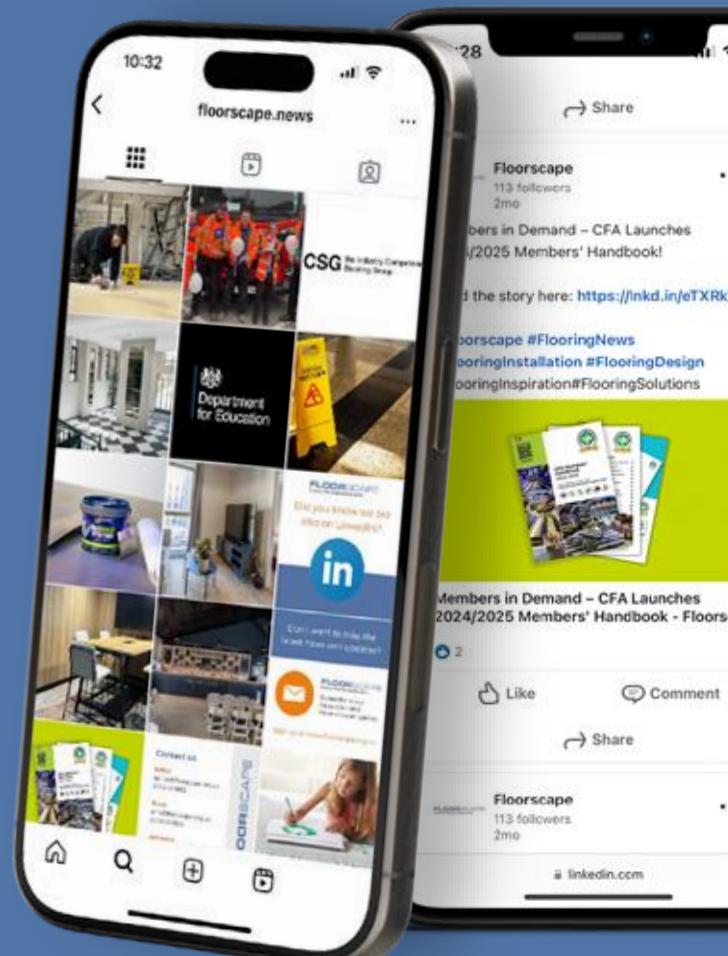

Content posts may be shared across CFA and FITA social media accounts.
